

Classical and post-classical Sanskrit

1353.

Revised and enlarged edition of Prin. V. S. Apte's The practical Sanskrit-English dictionary. Poona: Prasad Prakashan, 1957-59. 3 vols. P. K. Gode, C. G. Karve, editors in chief.

1st edn: V. S. Apte. *The practical Sanskrit-English dictionary.*

The Sanskrit is in Devanagari script throughout. Major words are given citations and brief quotations from Sanskrit literature: quotations are in Sanskrit only. English glosses are based more firmly on literature, with fewer direct borrowings from traditional lexicography, than is the case with Monier-Williams's dictionary (1357).

Appendices, in vol. 3, include: names of metres, final pages 12-32; biographies and dates of cited authors, final pages 33-8 (see list of abbreviations for authors, vol. 1 pp. 5-7); maxims and proverbs, final pages 52-76; grammatical terms, final pages 77-112. Biography and portrait of Apte, vol. 1 pp. 5-6.
