
1st edn: V. S. Apte. The practical Sanskrit-English dictionary.

The Sanskrit is in Devanagari script throughout. Major words are given citations and brief quotations from Sanskrit literature: quotations are in Sanskrit only. English glosses are based more firmly on literature, with fewer direct borrowings from traditional lexicography, than is the case with Monier-Williams's dictionary (1357).

Appendices, in vol. 3, include: names of metres, final pages 12-32; biographies and dates of cited authors, final pages 33-8 (see list of abbreviations for authors, vol. 1 pp. 5-7); maxims and proverbs, final pages 52-76; grammatical terms, final pages 77-112. Biography and portrait of Apte, vol. 1 pp. 5-6.
